Part of Lot 15, Concession 5
Geographic Township of Sample
Municipality of Sample Survey
County of Hastings
(#11 Survey Crescent)

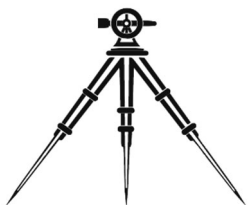

Dear Mr. Smith:

As requested, we attended at the above property on June 1st of this year to confirm by measurements the monuments marking your north property limit and markup the line. We understand that you wish to erect a fence and require markings for this purpose. Your property is known as PIN 40000-1234 LT in the land registration system and is legally described by metes and bounds as in instrument QR468112. The field crew found iron monuments in good condition marking both ends of the limit under survey and confirmed both by measurements between them, and to other monuments in the immediate locale, that they are in their original position. The crew planted Red and White wood stakes beside each monument. Additionally, they planted a line of Red and White wood stakes along the limit to assist you in fencing the line. If you have any questions or concerns about anything in this report or our account, please feel free to contact the writer.

Yours truly,

P. A. MILLER SURVEYING LTD.
